The Anthro KB Full Back is an innovative update of a Harter staple. Conceived by the Harter Design Studio, the Knit Back combines an ergonomically advanced membrane with the responsive, adjustable functionality Anthro is known for. The result is great back support, comfort and unparalleled mobility for today's dynamic workspaces, whatever the setting. The new Full Back version creates a refreshed silhouette for the Anthro, with clean, contemporary lines and opportunities for bolder color stories. It's everything you want in a fabric, and in a chair.
